1. At Valtura, near Pola, the old Italian airport was improved in the course of this year. Its entire northern border along the road is protected by a wall 2.5 meters high; the three other sides are protected by barbed wire.
2. Two beacons 10 to 15 meters high on which antennae are mounted are on the field. There is a gasoline storage depot and 20 to 25 aircraft of Soviet manufacture stationed there.
3. The airport is under strict guard. The damaged buildings have been repaired.
